

A close-up photograph of the rear wheels and tires of a large commercial vehicle, likely a truck or trailer, parked on a light-colored surface.

Mission Statement

The Public Service Commission of West Virginia, Safety Enforcement Section, is concerned with reducing fatalities and crashes involving commercial motor vehicles, while improving highway safety.

...ensuring that reasonably priced and reliable utility services are available to all customers.

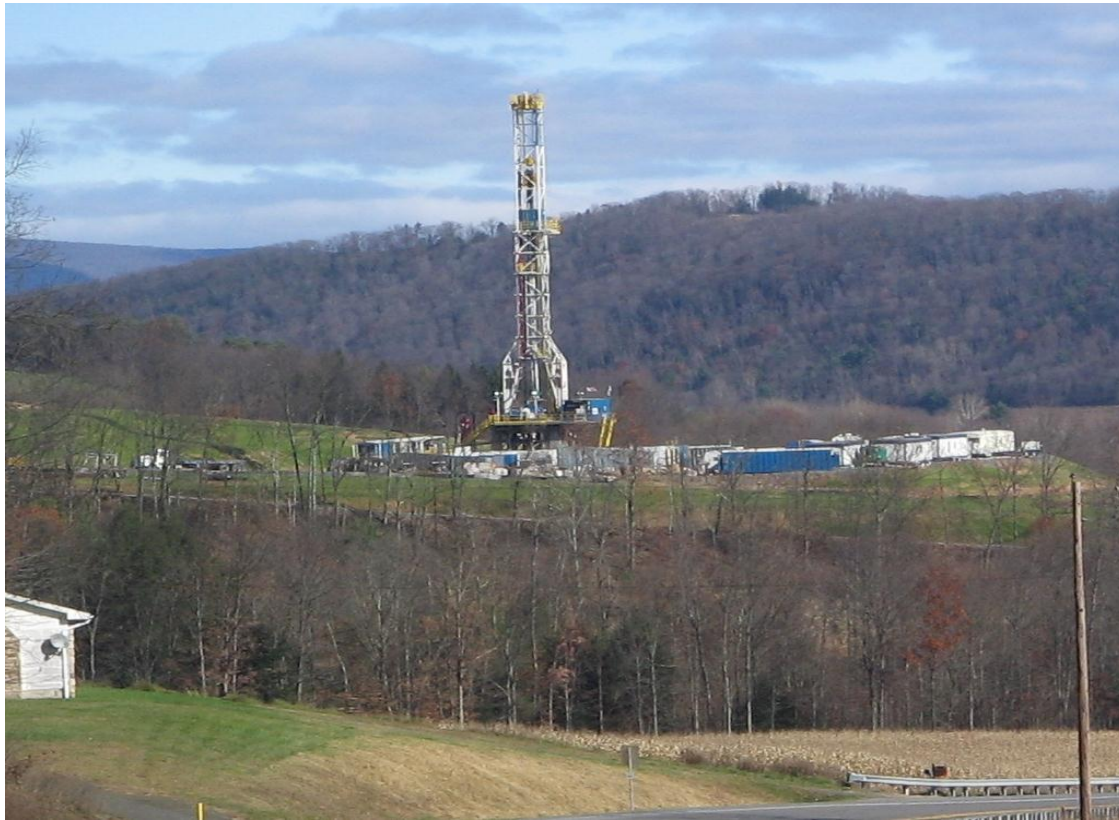

PUBLIC SERVICE COMMISSION OF WEST VIRGINIA

201 Brooks Street Charleston, WV 25301 Toll Free: 1-800-344-5113 FAX: 304-340-0325

Since the beginning of 2011, Enforcement Personnel have conducted over 7,100 roadside inspections relating to Marcellus Shale activity.

Most gas wells are in rural areas, which means travel is required on narrow, winding roads not designed for heavy trucks and oversized equipment.

Inspection Data

	2011	2012	2013	2014	2015
Total Inspections	32,144	28,624	28,667	20,459	16,489
